### EXAMINER'S AMENDMENT

The following is an examiner's statement of reasons for allowance:

**The claim 4** is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including:

A device for supplying snap rings, the device comprising...

an extrusion member that pushes out a snap ring occupying a lowest position in the magazine forward in the conveying direction along the conveying path;

an oscillating member that is protractible and retractable with respect to a conveying surface of the conveying path at an area in front of the magazine in the conveying direction, the oscillating member being capable of entering the gap of the snap ring being pushed out so as to direct the gap forward in the conveying direction;

a projection-strip guide wall that is defined between a pair of concave parts extending in the conveying direction in a termination area of the conveying path of the conveying base, the projection-strip guide wall being formed so as to stand upwardly in the substantially vertical direction, wherein the projection-strip guide wall has a width that permits the projection-strip guide wall to enter the gap of the snap ring; and

a cover member provided on the conveying base in the termination area of the conveying path so as to cover the pair of concave parts and the projection-strip guide wall from above, wherein:

the cover member has a pair of guide parts formed so as to protrude downwardly at positions whereat the pair of guide parts opposes the pair of concave parts; and each of the pair of guide parts has a contact surface that is curved so that a projection amount thereof increases toward a front in the conveying direction in combination with the rest of the claim language is not taught or fairly suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
